ALL ABOUT US...

Central West Gates & Fencing was established in 1996
& is still owned & operated by Craig McGrath.

We are located at 115A River St, North Dubbo (crn River & Morgan Sts)

Collectively we have approx 80 years of experience in the
manufacturing & installation of fencing.

We pride ourselves on our quality of materials & workmanship.

We offer a choice of standard or custom made fencing, in doing so we can
provide the fencing that suits your needs.

All of our fencing is made from quality steel or aluminium.

We offer no obligation free quotations, and will come to your premise (in Dubbo area
only) to measure & discuss your needs. If your not in the Dubbo area just send us a fax,
email or phone us with your measurements.

Because we custom make your fencing we can manufacture your fence to your
requirements. i.e. tapered & curve panels, exact heights & widths,
powdercoated to the colour of your choice.

Custom made fencing & gates also means no excess fencing
& no difficult alterations as can occur with standard sized fencing.

So come see our showroom & let our expert staff help you to achieve
the perfect fence you always wanted.
